Creating a Colony

Use the questions below to help guide you in making decisions about the colony that you will form in the New World.

- How will you get there? Who will go to the new colony first?

- What will you use/make as shelter?

- What will be your food source?

- What/who will protect you?

- What are jobs or occupations that will exist there?

- What, if any, businesses or establishments will be there?

- How will you get what you need? Will there be money or another type of currency?

- What will be the roles or jobs of individual family members?

- What are some reasons that new settlers would want to join your colony?

** Remember to use accurate historical information in making your decisions as well.
